Where We Are: You can find us at the Bagni Pancaldi Acquaviva, located at Viale Italia 62, in the heart of the Livorno seafront. It borders the Mascagni Terrace, offering a breathtaking view of the Tuscan islands and Corsica. In front of us lies the Meloria Park, one of the closest points, further enriching the beauty of the surrounding panorama. It is an elegant and rejuvenating place with impeccable services and a lovely view of the sea. At our establishment, customers can enjoy a range of services for the cost of an 8 euro ticket. They can take a refreshing shower upon their return, take advantage of the pool, rent umbrellas and sunbeds, access the beach and children's play area, use the football field for a quick game, or take a dip in Livorno's oldest and largest bathing establishment. This boat is authorized to operate in the protected marine area of the Secche della Meloria. Our boat is authorized to enter the Secche della Meloria Marine Protected Area. This area, located in the northwestern basin of the Mediterranean, is only 3 miles from the Livorno coast. The Secche della Meloria not only offer an extraordinary naturalistic experience but are also rich in history and archaeology. Their importance dates back to the 12th century when the Maritime Republic of Pisa built the first tower to signal the shallow depths of the ancient Pisan Port. Today, the tower has been restored and still represents a popular destination for boat trips by the people of Livorno. During our excursions, it is common to spot dolphins traversing these routes, as the Secche della Meloria are located within the cetacean sanctuary. This makes the experience even more exciting and memorable for our guests. We are proud to offer this unique and authorized experience, ensuring our customers the opportunity to fully explore and appreciate the beauty and historical richness of this extraordinary marine sanctuary. Boating License: You do not need a license to drive our boat; you just need to be 18 years old. Our vessel is authorized to sail within 3 miles from the coast (almost 12 km). However, we also offer the possibility of rental with a companion or skipper. Rental without a driver: If you are looking for a sea adventure, renting a dinghy is perfect for you. Seven kilometers of unspoiled coastline hiding caves and small bays of unparalleled beauty. Rental with skipper on board: Do you want to experience the freedom and autonomy of a day on a dinghy but without the worry of navigation rules, anchoring, or route? Do you just want to have fun without a care in the world? Then choose our "Rental with driver" option. Our skipper will take care of everything; all you have to do is relax and enjoy a memorable day on the Tuscan coast. There are many unique points to see around us that are absolutely not to be missed with a day on a boat. Fuel is excluded from the price; it must be paid on-site according to consumption.
