About

The LAGOON 46 stands out as the top-selling sailing catamaran from this French brand, admired for its graceful design paired with practicality: it's impossible not to catch attention while navigating it. Sailing aficionados will appreciate this catamaran's user-friendly features, including a self-tacking genoa and an elevated central helm station located on the Flybridge. Featuring dual access, the Flybridge serves both as a command center and a place to unwind, boasting an exceptional sun lounger bed just behind the Captain, completing what can be considered the "third floor." The vessel comes equipped with an impressively comprehensive array of amenities: a 9 KW GENERATOR, a WATERMAKER producing 100 liters per hour, FULL AIR CONDITIONING, SOLAR PANELS, an INVERTER, a STAINLESS STEEL HYDRAULIC GANGWAY, and a DUAL REFRIGERATORS and FREEZER! LIVING AREA The Lagoon 46 catamaran's design is highly practical, featuring two traditional "sea" zones: one located at the bow equipped with a double net and sofas, and an impressive cockpit at the stern. The spacious central salon combines three integrated spaces: an L-shaped kitchen, a large dining table that seats 10, and a convenient navigation station. The cockpit includes a cozy extendable table for 10,

accompanied by a long sofa, a sliding seat, and foldable chairs. There are no barriers between indoor and outdoor areas, seamlessly blending together through the expansive pocket door and sliding kitchen window. **SLEEPING AREA** The standout feature is undoubtedly the exceptional quality and comfort offered by the four splendid double cabins, each equipped with a private bathroom featuring an electric toilet and a shower enclosure. The interior showcases a sophisticated, elegant, and practical design. These four double cabins are notably spacious, especially the forward cabin, where the bed is now as large and cozy as those in the aft cabins. Exceptional onboard living is ensured through meticulous finishing touches, internal LED lighting, and a comprehensive air conditioning system serving both the cabins and the lounge area. Accommodating 8 guests in the four double cabins, 2 in the dinette, and 1 in the cabin at the very front delivers remarkable comfort and livability for a total of 12 guests. **OUTDOOR SPACES** The bow features a classic design: a spacious double net provides an ideal spot for sea enthusiasts (and children's play), while still allowing for a delightful aperitif on the cozy sofas located just behind the nets. The Flybridge, accessible from two points, serves both navigation and leisure purposes: its expansive sun lounger and the helm seat can comfortably accommodate 6-8 people, enhancing the remarkable qualities of this stunning sailing catamaran.

Specifications
