### About

Unparalleled sailing performance and exceptional equipment! This Saona 47 catamaran from Fountaine Pajot offers enormous living space and luxurious facilities even for larger charter crews. Spend your entire holiday in the most beautiful bays of the Balearic Islands without having to moor and thus remain independent of the port locations. Water maker, generator and solar panels guarantee always enough electricity and fresh water on board. On hot days, the air conditioning keeps the interior of this charter yacht pleasantly cool. The 3.50-metre tender with 15 hp outboard motor is conveniently launched by remote control via the hydraulic bathing platform. The bathing platform also offers all guests convenient entry and exit from the sea, as well as an additional place to relax. The large cockpit of the sailing catamaran Fountaine Pajot Saona 47 is equipped with a teak deck and gas barbecue and invites you to cook and relax in the shade. The large dining table can be extended to seat up to 12 crew members. With the

doors and windows open, the kitchen and saloon integrate to form a large living space with plenty of seating and lounging options. The large flybridge is for sun worshippers and those who like the wind to blow around their noses. Up here, there is always a breeze and you can enjoy the most beautiful panoramic view of the sea or the islands of Mallorca, Ibiza, Formentera and Menorca. With us to charter from/to Palma de Mallorca this Fountaine Pajot Saona 47 sails in the 5 cabins and 5 bathrooms version. There is comfortable space for 10 people in 4 double cabins and 1 bunk cabin, each with it's own bathroom. In the forepeak there is also a skipper's cabin which, thanks to the additional connecting door to the bow cabin, is also popular as a children's cabin. Extra equipment: air conditioning, generator, watermaker, solar panels, hydraulic bathing platform, dinghy with 15hp outboard engine and much more.
