About

Winner of the 2021 Ship Design Award, the Monte Carlo 66 is the flagship of our fleet. She is 66 feet (20.11 m) long and her sophisticated design makes her one of our most luxurious and largest yachts. The FIVE WEEKS is 5.19 m wide and can reach speeds of up to 30 knots. She is also equipped with a stabilization system that ensures a smooth ride even in heavy seas - ideal for passengers who are prone to seasickness but still want to enjoy a luxurious yachting vacation. The saloon offers an open space between the between the galley and the forward living area. The sundeck at the bow invites you to sunbathe during the day and spend romantic hours at sunset in the evening. The FIVE WEEKS boasts a unique and sophisticated modern interior that runs the length of the boat. Well-placed portholes give the FIVE WEEKS a striking appearance and provide ideal lighting conditions. The design of the portholes enhances the feeling of relaxation, especially in the owner's cabin. The FIVE WEEKS MCY66 offers a perfect layout and a luxurious interior with natural stone, Italian leather and many other high quality materials used in the award-winning design of this yacht. Like the rest of the yacht, the three en-suite staterooms are fully equipped. Our clients benefit from a long and successful collaboration with the NUVOLARI LENARD DESIGN STUDIO. The use of high quality reflective materials, mirrors and lacquered wood combined with large side windows increases the natural light on board. The wood and marble elements used are made from the finest materials and designed with the utmost care and attention to detail.
