### About

The ideal choice for sport, design, and performance Our carbon masted Xp44 combines impressive performance with simplicity of handling, appealing to all the family. The comfort and luxury level beats any mainstream charter boat and it is on the same boat that sailors around the world excel in top racing events. Stability is the key principal and by using the most advanced build technology with vacuum infusion, carbon keel frame, hull and rudder design optimization and a unique carbon mast, the result is dynamic and easy going sailing under all weather conditions. This model was the first of the Xperformance line to be launched, and was named Sailing World's Yacht of the Year in 2014. A highly optimised hull shape offers exemplary performance in a range of wind conditions, on all angles of sail, under both ORC and IRC handicap systems. Key elements of the hull design include reduced upright beam and wetted surface area, while the transom shape ensures that as windspeed builds and the boat powers up, the overall waterline length increases for additional speed.

### Specifications

Destination: Lavrion

Builder: X-Yachts

Model: Xp 44

Year: 2020

Type: sail

Hull: monohull

Length: 13.29 m / 43.6 ft
