About

This beautiful new boat has many incredible features that make for the perfect charter experience for large family groups or 2 families traveling together. She's a great yacht to have a Captain onboard if you are not a qualified sailor. Tons of space and room to move about the boat. With her high-end design, both inside and out, you'll feel like you're in a luxurious Caribbean villa. You'll immediately notice the thin, straight bows and her elegant lines. The BALI 4.8 is the first model of the new generation of BALI Catamarans and, of course, has the safety and performance you would expect from a CATANA design. You'll immediately notice the unique features of this catamaran with the forward cockpit lounge and sunbathing area, the new platform linking the two sugar scoops with large bench seat and lockers, and a massive flybridge. Some of the best features include an ample indoor/outdoor living space, a flip up "garage door" and sliding windows to enhance your connection to the beauty around you. You can access the forward cockpit through a convenient walk-through door from the salon to the bow with ease and is excellent for utilizing the full-sized table and seating area and sunning beds on the bow. The large galley is complimented by a full-sized, side-by-side refrigerator/freezer with a built in water dispenser and ice-maker. The salon dining table seats 12 comfortably and is perfect for meals, games, and bringing everyone together. A 6 cabin/6 head version is unheard of on a 48-footer, but is surprisingly spacious and a great option for families traveling together or a group of friends who want the added space and comfort they desire.
