About

Hera II is a brand new Jeanneau Merry Fisher 1095, an example of versatility, comfort, and intelligent design in the outboard family cruiser category. Ideal for daily excursions and short cruises, it combines excellent liveability, practical solutions designed for life on board, and brilliant performance thanks to its modern outboard engines, making every adventure from Baia (Bacoli) in the Gulf of Naples and towards the islands a pleasant and safe experience for the whole family. This boat, featuring the modern and functional design typical of the Merry Fisher range, measures approximately 10.5 meters in overall length and 3.35 meters in beam. It offers surprisingly spacious and well-organized areas, both indoors and outdoors, capable of comfortably accommodating up to 10 guests for day trips. The outboard motorization, with two powerful 300 HP Suzuki engines each, ensures excellent performance, reliability, easy

maintenance, and the ability to approach the coast more closely compared to traditional transmissions. The cockpit is an extremely versatile area thanks to its convertible seating, ideal for outdoor dining, fishing, or simply relaxing. It is seamlessly connected to the interior saloon via a large sliding door. The saloon is bright due to the ample windows and offers a convertible dinette and an internal helm station with excellent visibility and a practical side door for easy access to the starboard side deck. The interior galley (kitchen) is compact yet functional. A Fusion audio system with Bluetooth allows for enjoying music on board. In the bow, a comfortable sundeck offers an additional relaxation area. Easy movement around the boat is ensured by the well-sized side decks (passavanti), one of which is recessed for greater safety. The stern platforms (swim platforms) on the sides of the engines facilitate access to the water. Below deck, the "Merry Fisher 1095" is surprising for the volume and organization of its spaces, offering an unexpected level of comfort for its size. It features 3 separate cabins (1 master cabin forward and 2 guest cabins amidships) and 1 full bathroom with a separate shower compartment. The interiors are bright, the finishes are practical, and designed for life at sea. Essential comfort amenities are included, such as air conditioning, heating, a refrigerator, and a cooktop. "Hera II" is an agile and fun boat, with an estimated cruising speed of around 23 knots (indicative fuel consumption approx 90 liters/hour total) and a maximum speed that can exceed 35 knots. It is perfect for safely and comfortably exploring the bays of Procida, Ischia, Capri, the Phlegraean and Sorrentine coasts, departing from the base in Baia (Bacoli). Bareboat Charter for Experts: The "Hera II" is available for bareboat charter (rental without a skipper), reserved for clients with proven nautical experience and a valid boating license for navigation within 12 nautical miles from the coast. Enjoy maximum freedom in planning your routes and schedules. A detailed technical briefing on the boat and its equipment will be carried out before departure. A security deposit of €2,000.00 is required.
