About

The BALI 4.2 is recognizable at first glance thanks to the new design of her hulls with thin bows and her new elegant lines signed Xavier Fa . The BALI 4.2 benefits from all the innovations signed by Catana Group which are the DNA of the BALI: the rigid forward cockpit with lounge area and sunbathing areas, the platform connecting the transoms with large bench seat and lockers, the large BALI tilting door and side sliding bay windows, a helm station with a panoramic relaxation area on the coachroof accessible from both sides, without forgetting the interior access door to the forward cockpit. And of course, the safety and performance you would expect from a CATANA design!

Specifications
