### About

Joulukka is perfect for monohull enthusiasts who are also looking for more space and habitability. Its size makes it ideal for comfort, but it is also one of our fastest boat models, if not the fastest. Joulukka has been a real discovery, its success speaks for itself, it is a boat loved by our customers and they all tell us the same thing, it has wonderful space and its navigation is top class. It also has a large engine and well away from the cockpit so the motor crossings are fast and quite quiet. It has a built-in converter so you can charge your devices with a 220v socket in all cabins and we lend you an Ipad so you can use Navionics from anywhere on the boat. In addition Joulukka has a forward cabin with its own bathroom and access from the outside completely separate from the main cabin for the skipper and cook or for the use of customers.
