About

Is a 17.80 mt custom sailing yacht built with highly standards of design, performance, seaworthiness, and handling. The name KIND OF BLUE is a tribute to the famous Miles Davis album. The hull has been built by the shipyard Judel/Vrolijk & Co, while the exterior and interior design is the result of a custom project, based on the concept of Easy Sailing: sailing is not only pleasant but also simple. Is a performing and comfortable boat, the spaces in the dinette are 35% larger than those of similar yachts. With 60 feet of hull pushed by North Sails 3d performance sails and with a beam of 5.50 meters, our Custom has an average speed of 10 knots and reaches peaks of 12/13knots. The fittings have been selected to reach the highest standards of resistance and performance. The Carbon V-Boom without mainsail is true heart of the yacht and perfectly expresses the passion for sailing. Custom accommodates up to 4 guests in 2 cabins: A master cabin aft with its own bathroom & one double cabin with a shared bathroom forward. In the dinette, the fold-down table converts the space into a comfortable canap^.
