About

Over Reef is a new 54 ft power catamaran designed by the Italian architect Stefano Nolleto and delivered in 2019. The volume, comfort, large living spaces, headroom, one-level floor, and one of a kind fly-bridge make it without any doubt the most comfortable private charter for couples of families available in the Maldives. This power catamaran offers modern solutions in terms of design, such as the electric sun-visor, a one-of-a-kind feature offering light and fresh breezy balcony to the bow cabins. His wide beam offers large living spaces and makes Over Reef a very efficient and stable yacht. Over Reef accommodates up to 6 guests in 3 cabins. Master and VIP cabins are at the bow, and both have glass door to access the forward deck. Master cabin has private bathroom, while VIP cabin has shared toilet with the third guests cabin. The latter is equipped with a large single bed and a pullman bed. Over Reef, without interior steps, in order to greatly enhance the living comfort as well as safety on board, is the ideal solution at sea for families and also for a more elderly guests. Crew has a separate companionway, heads and shower. Over Reef is equipped with a large, comfortable, and fast motorized tender for excursions, islands visits, and fishing. The yacht has a comfortable lounge and a large flybridge with BBQ grill, sunbathing cushions, sofas, deckchairs, and awning. The aft platform is equipped for fishing and

scuba diving with a large dedicated aft-deck.
