About

WAVE 60 is a modern 60-foot luxury sailing catamaran designed for guests who value space, comfort and an elegant onboard lifestyle. With more than 180 m² of usable living space, this yacht offers the openness and comfort typically found on much larger yachts, making it an ideal choice for a premium catamaran charter experience. The yacht's distinctive design creates an exceptionally spacious interior and large social areas both inside and outside. The bright panoramic salon, forward lounge and generous cockpit provide comfortable spaces for relaxing, dining and enjoying time at sea. The sleek silhouette with inverted bows and an aerodynamic roof spoiler improves sailing efficiency while giving WAVE 60 a modern and recognizable profile. Accommodation and interior comfort: WAVE 60 comfortably accommodates 6 guests in spacious private cabins with elegant en-suite bathrooms. Large windows provide plenty of natural light, while the interior layout ensures privacy and comfort for all guests on board. Additional cabin for the 2 crew members. The yacht also features a stylish salon and a fully equipped galley, making it perfectly suited for both short coastal cruises and longer sailing holidays. Equipment and onboard amenities: To ensure maximum comfort during the charter, WAVE 60 is equipped with modern navigation and comfort systems, including: - 2 x Volvo Penta 110HP engines - air conditioning throughout the yacht - battery bank 2x40Ah 360V - solar panels - electric winches - GPS plotter, radar and autopilot - furling genoa and fully battened mainsail - protective bimini top Guests can also enjoy premium amenities such as a Bose home cinema system, wine fridge, coffee machine, ice

maker and dishwasher, creating an atmosphere similar to a luxury floating apartment.

Outdoor lifestyle and water activities: One of the biggest advantages of a sailing catamaran charter is the outdoor space, and WAVE 60 delivers exactly that. The yacht offers a large teak cockpit for al fresco dining, spacious sunbathing areas and a flybridge lounge with panoramic sea views â perfect for relaxing at anchor or enjoying sunsets at sea. Water activities are supported by a 50 HP RIB tender and paddleboards, allowing guests to easily explore nearby beaches, bays and coastal villages. Thanks to its shallow draft, WAVE 60 can anchor closer to shore than most traditional monohull yachts, providing access to secluded coves and crystal-clear waters that are often inaccessible to larger vessels.

A modern catamaran charter experience: Combining generous living space, modern equipment and excellent sailing performance, WAVE 60 sets a new standard for comfort in the 60-foot sailing catamaran category and offers a unique way to explore the coast in privacy and style. ____ VAT (depending on location - 22% Italy, 20% France) and 8 000 EUR APA is calculated on top of the charter fee; APA is a pre-paid operational budget used to cover the variable costs of the charter, such as: - fuel consumption - food and beverages - marina and port fees - other guest-related expenses during the trip The captain manages the budget transparently during the charter and provides a full expense report. Any unused balance is returned to the charterer at the end of the charter. Crew (captain and deckhand/hostess) is included in net charter fee. Any - day charters, noon-to-noon, standard booking terms as recommended by MYBA; MYBA or ANKOR charter contract applies
